The following position is available within Kanawemahwasowin Kamik Inc.

Updated: September 14, 2020

Position: PREVENTION SPECIALIST **Description, Requirements and Qualifications:**

Role:

- Act as the lead in delivering prevention programming and resources for the ECN citizens
- Develop and implement a prevention model of service for ECN families that are receiving services from Alberta Children's Services along with neighboring Provinces
- Work with various Community Programs that compliment and contribute to program resources for our ECN citizen's
- When working with outside agencies, the Prevention Program Specialist will also act in the role of advocacy in a prevention first philosophy when applicable
- Act in advocacy that is strengths-based when pushing for Best Practice in the Children's Services role at the HUB table
- Contribute to the overall program Work plan by completing the Prevention Program Work Plan

Responsibilities:

- To develop and implement a Prevention Program Service Delivery Model for ECN citizen's that are currently receiving services from Children's Services
- To discover and build community partnerships with other Social Welfare programs within the community
- To form a prevention working group that will support the delivery of programming through the coordination and implementation of a collaborative model
- Work closely with Income Support/NHS in dual service delivery in terms of prevention interventions

- To work in partnerships in the development of a Uniquely Developed Parenting Program that is aligned with the Program Mission and Vision.
- To work closely with the CFS Regions in advocating for greater preventative approaches
- To develop clear mandate of program service delivery; will also work collaboratively with team to develop practice standards and policy of program
- Work closely with community partners that promotes community wellbeing and opportunity for success of service users
- Coordinate and plan prevention programming that is attended by the clients of the Wetaskiwin CS office; should a referral be made
- To develop an intake process for active CS files
- Support the team in the development of forms specific to the prevention area
- To meet in support and advocacy with the CS workers upon guardian request and consent for service
- Facilitate prevention programs – delivery of psycho-education model
- Complete annual work plan and quarterly reporting on program progress and potential challenges

Qualifications:

- Undergraduate/Graduate Degree in Social Work
- 3-5 years direct experience with Children’s Services at a case management/worker level
- Have a defined model of practice approach (Social Work – Theoretical Framework of Practice)
- Clear Intervention Record Check and CRIM/Vulnerable Sector check
- Must be a registered or be eligible for Registered Social Worker with the Alberta College of Social Workers
- Must have own transportation and valid driver’s license
- Sign and Adhere to an Oath of Confidentiality
